

Road rules information service

We offer expert advice and assistance on:

- road rules
- collisions/crashes
- traffic offences
- licence and registration.

Road rules

South Australian road rules are complex. With many years' experience as a traffic operative in law enforcement, our road rules consultant has a sound knowledge of SA's traffic regulations.

Collision advice

We understand that a car crash can be a stressful experience. We're here to answer any questions you have and guide through the process, including the minor civil claims procedure in the Magistrates Court.

Traffic offences

Dealing with a traffic offence can be complicated. We can explain the process and provide advice on:

- paying a fine
- what to do if you can't afford to pay
- what happens if you don't pay the fine on time
- what to do if you want to contest an offence
- when demerit points apply
- summonses.

Licence and registration queries

We can help you with any licence and registration queries.
